קראתי ספר קומיקס של "Call for Help" והוא מלא עצות נפלאות לילדים איך ישמרו עצמם מטרידות והתעללות. כולו נערך בתמונות, ציורים, וסיפורים יפים שקלים להבינם, מיוסדים על פי תורת צניעות, כבוד הבריות, ודוגמאות ומשלים מתנ"ך וחז"ל. והגני ממליץ ספר זה להורים ומחנכים.

"A Call for Help" written by Nedra Weinreich and illustrated by Racheli David, published under the auspices of Lamdenu is a remarkably child-centered comic book that teaches personal safety to middle-school yeshiva children.

Through the story of several yeshiva boys and their adventures, this psychologically and Torah-attuned comic book nimbly weaves in topics of personal boundaries, inappropriate contact, and good and bad secrets. Of significance is that this book also addresses judging people favorably while still trusting your gut when something feels wrong, and not losing trust in the goodness of most people. The authors did a superb job in drawing from typical school and peer interactions, and well-known Tanach stories, to bring out essential safety lessons.

Yeyasher Kochachem! I highly recommend this book!
