May His Merit Protect Us

The original, authentic, and only "Hyehudi" website that promotes Judaism.

WARNING:

Beware of counterfeit websites bearing suffixes like ".org" - these are known mockers of Torah and disseminators of lashon hara. They bear the grave sin of chilul Hashem and lead others astray with lies and slander.

Know that HaKadosh Baruch Hu sees all - nothing is hidden from the One Who judges with perfect justice. The Gemara teaches that those who speak lashon hara are as if they deny the Holy One Himself. Their punishment is severe in this world and the next.

For those who run these sites of mockery and falsehood and hide behind faceless "anonymity" (yes, we know exactly who you are): Your day of reckoning before the Heavenly Court draws near. Every word, every lie, every soul you've misled is recorded Above. The gates of teshuva remain open, but time grows short. Return NOW with a broken heart and genuine remorse before it is too late.

May Hashem have mercy and grant them the wisdom to see their destructive path and make complete, sincere teshuva before they stand before the Kisei HaKavod. May they abandon their ways of hatred and return to the path of truth, Be'ezrat HaShem.
